Menace from the Deep (Paperback)

By Michael P Spradlin

Scholastic US, United States, 2013. Paperback. Book Condition: New. 192 x 132 mm. Language: English . Brand New Book. A brand-new action-packed series from Michael P. Spradlin. Each book covers a genetically engineered super predator wreaking havoc on the environment. Emmet Doyle is not in the best mood when he arrives in Florida City. His father is a wildlife biologist, and has been summoned to the Everglades, dragging Emmet along with him. Though still in mourning from losing his mom a year ago, Emmet's trying hard to keep a good attitude. Upon their arrival, however, things quickly get weird. Dr. Rosalita Geaux, the Park Superintendent, wastes no time in revealing the reason she called Emmet's father to Florida. A strange creature was recently found dead in the park, and upon seeing it, it becomes clear to everyone that this is not a native species. This is man-made. Deep in the swamp, someone has been experimenting to create a new breed of apex predator. And they're about to set them loose.

Reviews

This book will never be straightforward to start on looking at but extremely exciting to read. I actually have read through and that i am sure that i am going to gonna go through once more again in the future. I am happy to explain how this is the very best book i have read through in my individual lifestyle and may be he best publication for at any time.
