HYPERBOLIC PARTIAL DIFFERENTIAL EQUATIONS AND GEOMETRIC OPTICS

American Mathematical Society. Hardback. Book Condition: new. BRAND NEW, Hyperbolic Partial Differential Equations and Geometric Optics, Jeffrey Rauch, This book introduces graduate students and researchers in mathematics and the sciences to the multifaceted subject of the equations of hyperbolic type, which are used, in particular, to describe propagation of waves at finite speed. Among the topics carefully presented in the book are nonlinear geometric optics, the asymptotic analysis of short wavelength solutions, and nonlinear interaction of such waves. Studied in...

Reviews

These sorts of pdf is the greatest publication readily available. It can be rally intriguing throug looking at time. You can expect to like how the blogger publish this book.

-- **Prof. Eric Kuvalis II**

Certainly, this is the finest job by any publisher. I was able to comprehended almost everything out of this published e book. You wont truly feel monotony at at any moment of the time (that's what catalogues are for concerning should you question me).

-- **Graciela Emar**

Very good e book and helpful one. it was writtern quite properly and helpful. I am quickly could possibly get a enjoyment of looking at a composed book.
