

Google SketchUp Cookbook Practical Recipes and Essential Techniques

By Bonnie Roskes

O'Reilly Media. Paperback. Book Condition: New. Paperback. 386 pages. Dimensions: 9.8in. x 7.9in. x 1.0in. As the first book for intermediate and advanced users of Google SketchUp, this Cookbook goes beyond the basics to explore the complex features and tools that design professionals use. You'll get numerous step-by-step tutorials for solving common (and not so common) design problems, with detailed color graphics to guide your way, and discussions that explain additional ways to complete a task. Google SketchUp Cookbook will help you: Use SketchUp more efficiently by taking advantage of components and groups; Learn new techniques for using Follow Me, Intersect, and constraints; Go beyond simple textures with tools such as texture positioning and Photo Match; Create animations and walkthroughs, and explore design scenarios by using layers and scenes; Learn how to use styles to customize your presentations; Combine SketchUp with the 3D Warehouse and Google Earth. Google SketchUp Cookbook is ideal for architects, engineers, interior designers, product designers, woodworkers, and other professionals and hobbyists who want to work more efficiently and achieve true mastery of this amazing tool. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.

Reviews

Thorough information! Its this sort of good read. It is actually written in straightforward words rather than confusing. I am just delighted to let you know that this is basically the best book we have read within my personal existence and can be the greatest pdf for actually.

-- **Dr. Henri Crona II**

This type of pdf is every little thing and helped me searching forward and more. It can be written in easy words and phrases and never hard to understand. You will not really feel monotony at anytime of your respective time (that's what catalogues are for about should you request me).

-- **Fern Bailey**
